As part of the monitoring process, the performance of the school is assessed and evaluated on each of the required Ohio School Report Card components. Additionally, St. Aloysius has a regular presence at school board meetings where student performance indicators such as attendance, behavior, and academic achievement are tracked and financial and organizational issues that impact student success are reviewed and discussed. Key to the oversight, monitoring, and technical assistance is St. Aloysius' review of the school's Ohio Improvement Process (OIP) plan development and implementation.
